Dear fellow members,

re dog containment

There have been several reports of people taking their dogs for a walk in our beautiful suburb and having their dog/s attacked in the street by other dogs which escape from their properties.

We earnestly request that you ensure that your animals are confined to your property. Please make sure they cannot simply run out through your gates and that your home/garden is properly fenced.

It's wonderful to be able take our dogs for walks in such a beautiful leafy tranquil area but needless to say, it negates everything if you are going to have your dog set upon by snarling snapping dogs as you go!

One final point. Apparently, there are people who walk with their dogs off lead which is very hard to believe. If you do that you are obviously a part of the problem not the solution!

We thank you for your co-operation.

Regards,

John Charter

A handwritten signature in blue ink that reads "John Charter". The signature is written in a cursive style with a horizontal line underneath the name.
