

## CRIME OVERVIEW Q1 & Q2 2023

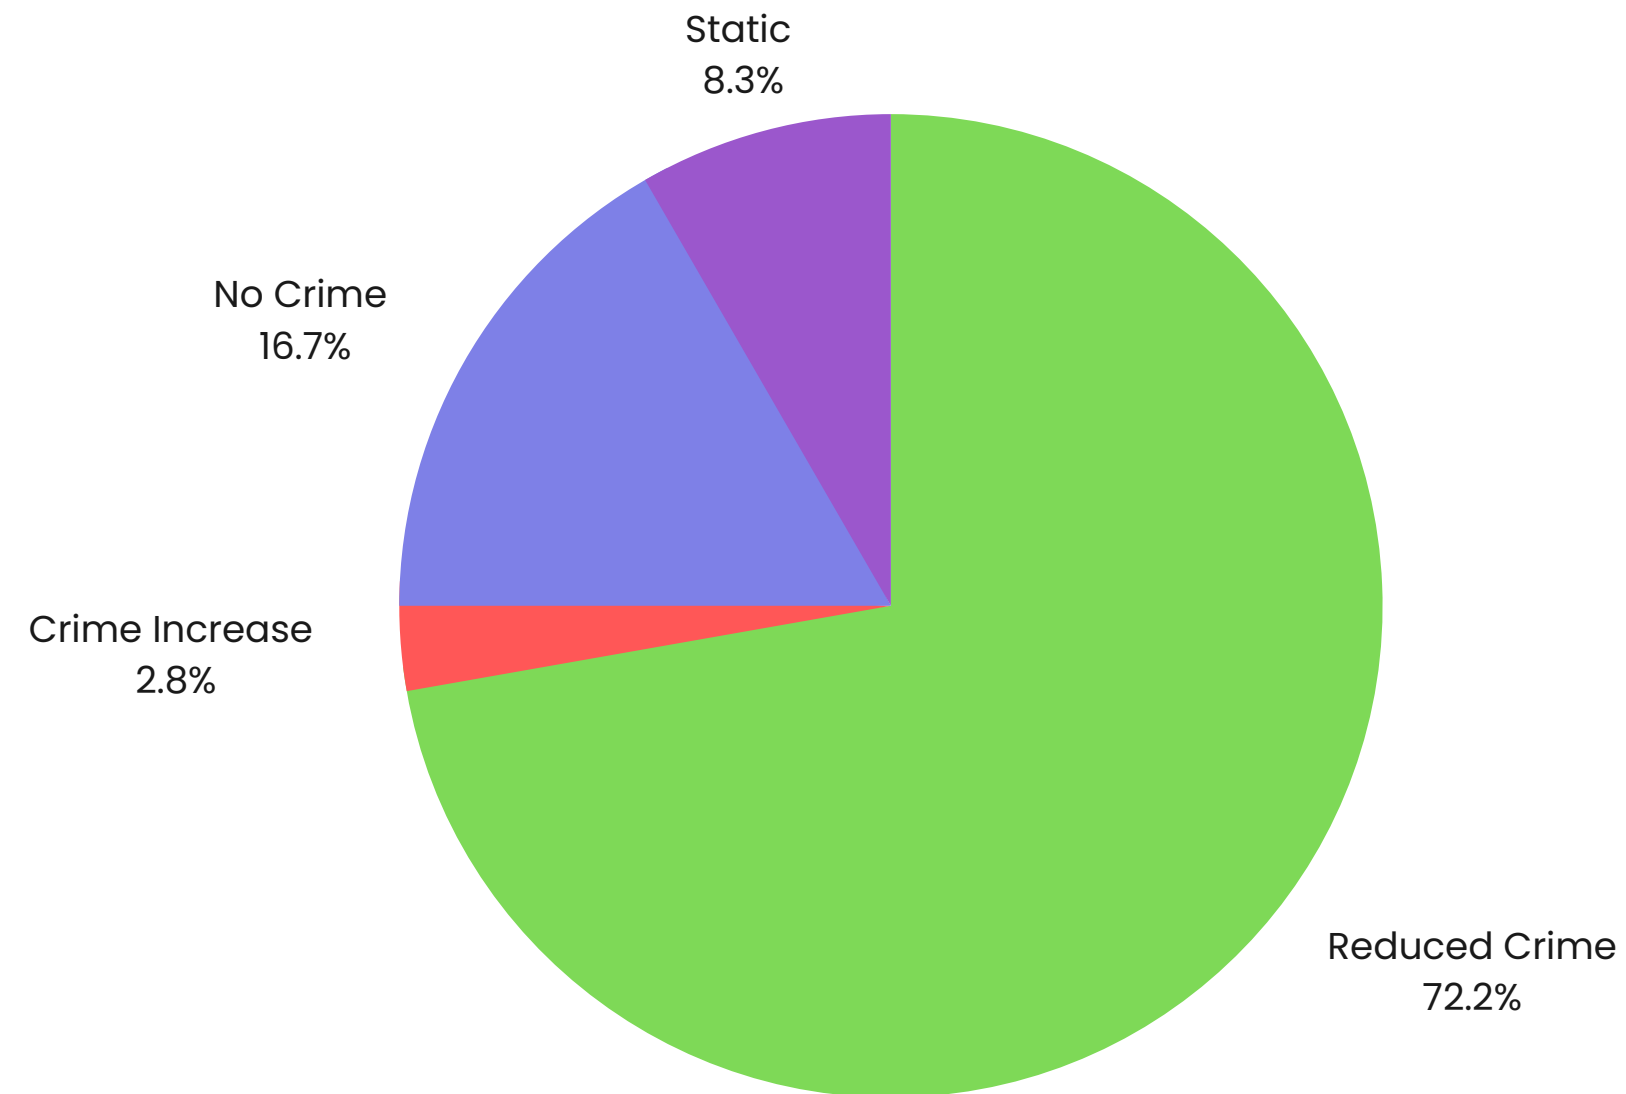

Housebreaking, house robbery, vandalism, attempted crime, malicious damage to property, trespassing and even theft have reduced through the years. The most important observation from this slide is that contact crimes have decreased, which is the most important crimes you want to reduce. It is almost impossible to eradicate all crime from an area entirely, and with the current crime situation, pettier crimes still may occur.

## CHE STATISTICS OF CRIME PER ROAD 2020 – 2023

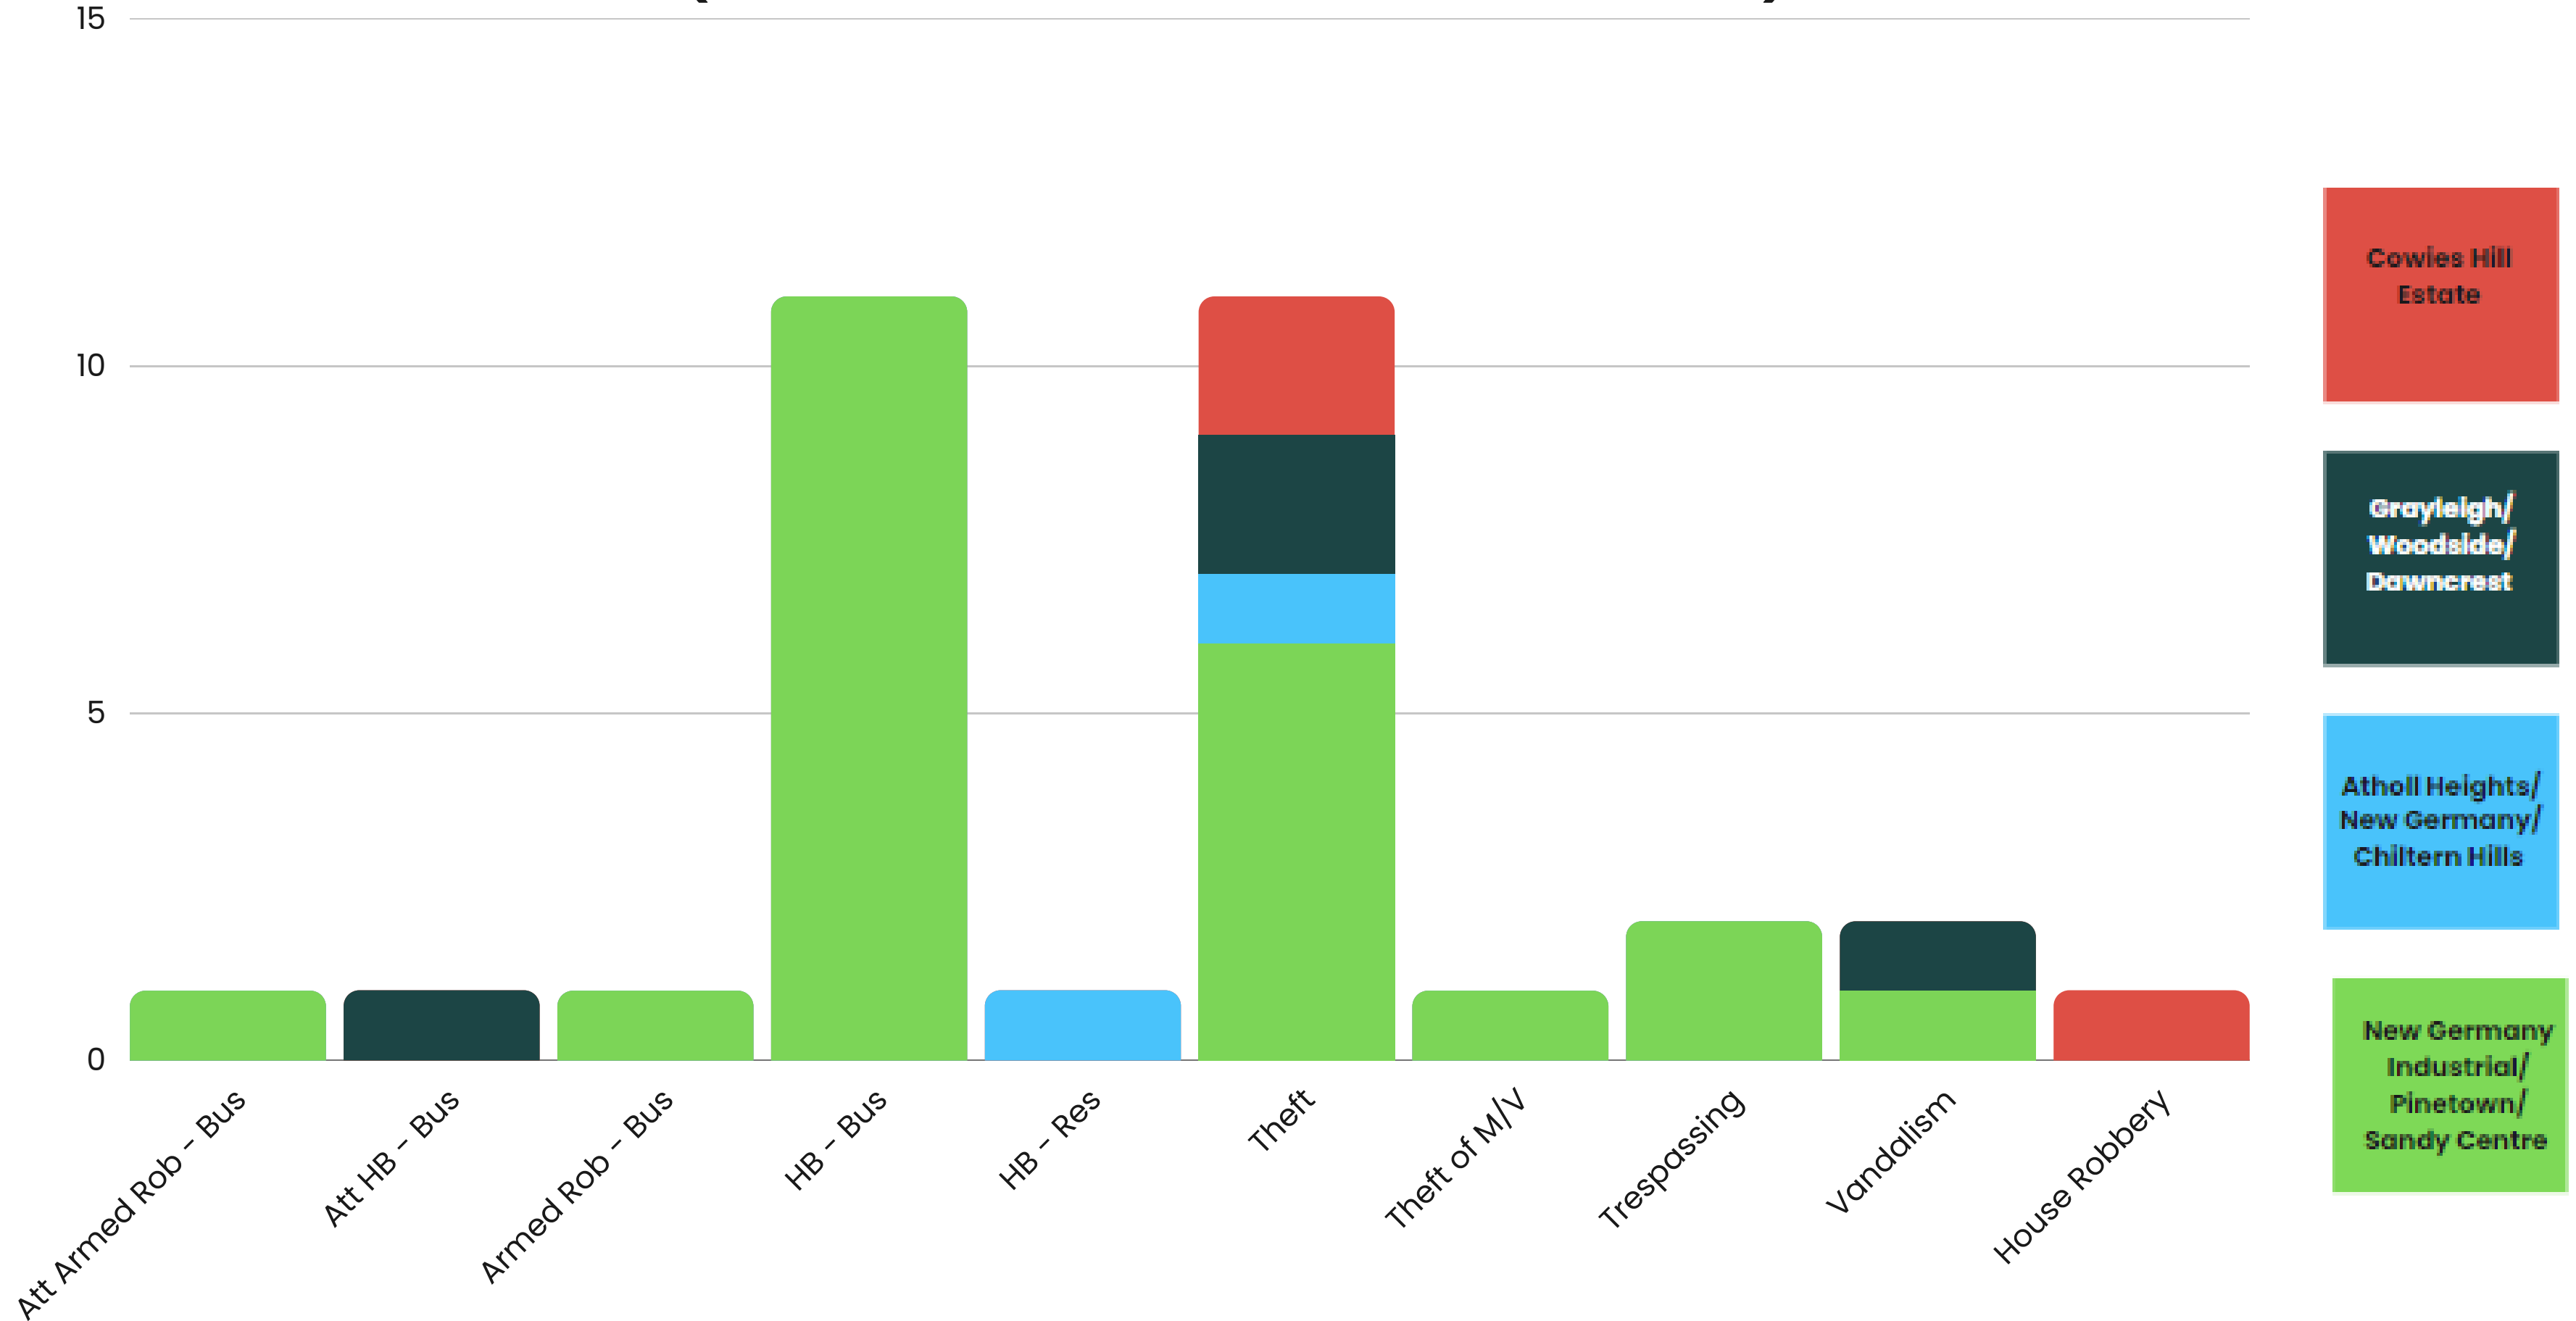

These statistics highlight that the majority of Roads within the Cowies Hill Estate Precinct have had a reduction in crime at 72% of the Roads. 16% have had no crime, 8% have remained static, and only 2% have had a crime increase. The next slide provides some more insight into the details.
